V.H.S.S, Irimpanam — 10th(SSLC)

2002 -2003

PROJECTS

Legacy

Legacy is an experimental app with a simple vision: Keeping loved ones connected, even after death. While the concept of death is viewed as a taboo subject, we see preventative planning as a necessity in life. As we all know, only two things in life are certain. If you were to pass unexpectedly, would there be things left unsaid? Your loved ones need you. Be there.

SKILLS

Software Developer with 5+ years of experience in PHP, Node js, Angular, React, Ruby & Web scraping.

Experience in developing plugins for WordPress CMS

Edaily

eDaily is an entertainment and lifestyle website that caters to young, trend-savvy and aspirational audiences. Focusing on East Africa's vibrant Entertainment scene, the website is a credible source for all your showbiz news.

Technologies used : WordPress CMS, PHP, MySql

Url: <https://edaily.co.ke/>

OntheList

OnTheList was born out of a shared passion for fashion and good deals. Disenchanted by the bazaar sales in Hong Kong, Delphine and Diego set out to offer a pleasant Flash Sales experience for everyone. By combining the best deals and attractive brands, On The List provides the best shopping experience.

Technologies used : Yii2, PHP, MySql
